I agree that I will not weigh over 230 lbs. on the hunt (a 230 lb. person equals a 300 lb. load on a horse). This is due to our concern for the safety of clients and humane treatment of our horses in steep, mountainous terrain.

I understand and agree that if I wound an animal that we are unable to recover, that tag will be considered filled. The exception will be when it can be determined that an animal has not been mortally wounded. We will give clients the benefit of the doubt whenever possible.

I understand that spike bulls will not be hunted. Bulls must have a brow tine.

I understand and agree that I will not hunt with a semi-automatic rifle.

Do you have any health conditions or allergies we should be aware of? \_\_\_\_\_
